

# Go Beyond the Standard with FM Approvals

## The Diamond is your best friend.

### The Benefits of FM Approvals Certification

#### Quality. Technical Integrity. Market Access.

FM Approvals is an independent third-party globally recognized testing laboratory and certification organization with more than a century of experience in testing and certifying property loss prevention products that meet our rigorous standards.

The **FM Approvals diamond** indicates stringent and fair product testing, and is an internationally established quality indicator that differentiates your product in the market.

Gain global access with FM Approvals certification, widely accepted by a network of organizations in many parts of the world. FM Approvals can be your single source to markets with the globally accepted **FM diamond**, the CE mark for Europe, and certifications to IECEx, ATEX and other organizations.
